A NEWSLETTER FOR WEST VALLEY SCHOOL DISTRICT RESIDENTS

FALL 2011 VOLUME 28 NO. 1

## Promises Made, Promises Kept

I would like to take this opportunity to thank the West Valley Board of Directors and staff of the West Valley School District for placing their trust in me as Superintendent. Having an understanding of the outstanding reputation of the West Valley School District makes it especially an honor to have been entrusted with this position. My travels around the District have only confirmed what my feelings were after I interviewed for the position. West Valley is made up of a talented staff of classified, certificated and administrative personnel. The District has a very supportive community that is proud of their very rich traditions. We are proud of the trust the community has placed in the District and will work to not only maintain, but to build upon the trust you have placed in us.

The continuing budget issues in Olympia remain a challenge for all of us in the K-12 arena. The past few years have been devastating to the public school budgets across the State of Washington. Although resources are not as plentiful, the expectations to meet Adequate Yearly Progress (AYP) as determined by the No Child Left Behind Act (NCLB) have continued to increase. You can be sure we will continue to have high expectations for our students and work to do whatever it takes to maximize their potential as learners.

With this, I would like to review what I believe are a couple of critical components to an outstanding school district, and what I will emphasize as Superintendent. First and foremost our duty as a school district is to serve the West Valley community. I will support every effort to help students, parents and patrons feel as though we are actively engaged in maximizing every effort to educate the students in the West Valley School District. Serving the community is best achieved first through listening to the issues people believe are critical to not only learning, but also maintaining the public's trust. The next critical com-

ponent is conveying the message of high expectations for all students. My travels around the District only confirm you expect nothing but the highest of expectations for all of our students. This requires that as a staff we perform at our capabilities at all times in order to best ensure we are engaged in maximizing the potential of each and every student.

*Dr. Mike Brophy*

I would like to take this time to update everyone on the changes being made in facilities around the District. There are major changes occurring with the athletic fields and facilities near the West Valley Freshman Campus and West Valley High School. The facilities are being reconfigured to include new tennis courts as well as new practice fields and concession stands located next to the football field and track. These changes reflect the continued support the com-

# Promises Made, Promises Kept

(Continued from Page 1)

munity of West Valley shows toward its students. In what I like to call, "Promises Made, Promises Kept," the Bond Issue of 2006 that was approved by our voters has updated the following:

New West Valley High School  
WVHS Baseball/Softball Lighting  
Remodeled Freshman Campus  
WVJH and WVMS Athletic Fields - Phase 1  
WVJH HVAC System

Areas that are in various phases of construction and/or completion include:

**WVHS Athletic Fields**  
**WVJH / WVMS Athletic Fields - Phase 2**  
**Elementary School Building Projects**

In a related issue, we will be recommending to the Board of Directors that they place a Maintenance and Operations Levy on the ballot this February to **replace** the M & O Levy that will expire at the end of 2012. If anyone is interested in learning more about this election, or are interested in serving on an M & O Levy Committee, please call me at my office - 972-6005.

*Thank you.*

## Changes Coming in Graduation Requirements

Last spring, the state legislature made adjustments to the high school graduation requirements for math and science. HB 1412 addressed math and HB 1410 addressed science.

Students must still complete local requirements for graduation. In West Valley, high school students are required to complete 3 credits of math and 3 credits of science.

HB 1412 provides for a transition to the new End-of-Course assessments for math. Students in the Class of 2013 and 2014 will be required to pass one End-of-Course assessment (Algebra or Geometry).

HB 1410 rescinded the state science test requirement for students in the Class of 2013 and 2014. Students must still meet the local graduation requirement for science (3.0 credits) but they do not have to pass a state assessment for science. Beginning with the Class of 2015, students will be required to pass the state End-of-Course assessment for Biology.

State testing requirements for graduation are as follows:

### Class of 2012 (Grade 12)

Reading and Writing: Pass state tests or approved alternative assessment

Math: If a student does not pass state test, the student must complete 2.0 credits in math after Grade 10

Science: Local graduation requirement

### Class of 2013 and 2014 (Grades 10 and 11)

Reading and Writing: Pass state tests or approved alternative assessment

Math: Pass one state End-of-Course test or make-up exam (Algebra OR Geometry)

Science: Local graduation requirement

### Class of 2015+ (Grade 9 and younger)

Reading and Writing: Pass state tests or approved alternative assessment

Math: Pass both state End-of-Course tests or make-up exams (Algebra AND Geometry)

Science: Pass the state End-of-Course test for Biology

Re-take exams for the state tests in Reading and Writing were administered at West Valley High School in August. The next testing opportunity for Reading and Writing will be March 2012.

State Make-Up exams for Math (Algebra and Geometry) will be administered in January 2012.

End-of-Course exams for Algebra, Geometry, and Biology will be administered in May/June 2012.

## Route Changes 2011-2012 School Year

New elementary boundary changes in West Valley made significant changes to our routes. Look over the routes carefully to find your stop on the new routes. Explain to your student the route they will be riding and how to find it to get home.

If you do not see the exact stop or route used last year, you will need to look on a different bus route other than the one you have ridden in the past.

We have consolidated routes throughout the District to make them more efficient for both secondary and elementary. Your student may need to walk to the closest bus stop listed on the routes.

Please make sure you check the schedule so your child will not be late to the bus stop. **Remember, ALL students should be AT the bus stop five minutes prior to the published pickup time.**

Make sure your child is aware of which bus they need to ride, especially if they have a change from previous school years. Secondary students also need to check the schedule to see which slot their bus is parked in the afternoon so they can find the correct bus to take home.

**In the morning the High School and Freshman Campus shuttle (route #18) parks in slot "A" at the Junior High and departs promptly at 7:25.**

Incoming kindergarteners or newly enrolled students, please contact Transportation at 966-2403 to set up busing for your newly enrolled student before they start school. We would like to hear from you as soon as possible so we can be ready for your child to ride the bus and can assign them to one of our existing bus stops.

Here in West Valley, the Transportation Department safely transports almost 2,000 students each day. We depend on a staff of professionals; regular and substitute drivers to accomplish this task. There **IS** something **YOU** can do to help us!

As a parent and/or patron of our District, please make sure your address is **CLEARLY MARKED** on your house, mailbox or driveway entrance. It is important that it can be easily seen from either direction on the roadway, which will assist our drivers to find the appropriate address. When drivers are driving a route, bus stops are identified by an address. If the driver is able to easily identify a location for a stop, it will positively contribute to the safety of the entire bus. The driver will not be "searching" for the address, taking concentration from the overall operation of the bus. The proper identification of addresses will also help to assure that students will be picked up and dropped off at the correct location. Whether you are a parent or not, this is a seemingly simple way to increase safety and make a positive impact on student transportation.

Unless absolutely necessary for a safe turnaround or special circumstances, West Valley School buses do not travel on private roads.

**\*\*\*All kindergarten students must be met by an adult or arrangements made to walk with an older sibling.**

\*\*\*\*If your child has a change in the normal transportation routine, the school office **MUST** receive a **NOTE** signed by the parent/guardian stating the change for that particular day. If a note is not received, your child will be required to get off the bus at their designated stop.\*\*\*\*

\*\*\*\*Bus stops and locations subject to change\*\*\*\*  
Behavior Expectations for all Students Riding West Valley School Buses:

1. Demonstrate responsibility for yourself and show respect, concern and caring for all who ride the bus.
2. Help keep your bus riding experience positive by:
  - Following the directions / requests of the driver or substitute driver
  - Remaining seated while the bus is moving
  - Speaking in a normal voice
  - Using appropriate language
  - Keeping your bus clean and the aisles clear
  - Following all school rules

### Student Immunization

In order to safeguard the school community from the spread of certain communicable diseases and in recognition that prevention is a means of combating the spread of the disease, Washington State Law (RCW28.A31.118) and West Valley School District Policy 3415, requires that your child be properly immunized in order to attend school. If you are not sure if your child is up to date with their immunizations, please contact your Doctor's office.

If your child is out of compliance, they will not be allowed to enter school before they meet state requirements or can show proof of initiating a schedule of immunization.

# Elementary Bus Schedule

## Ahtanum Valley Elementary

### Route 1 Occidental / S 74<sup>th</sup> Ave / S 79<sup>th</sup> Ave / Meadowbrook

7:53 AM	79 <sup>th</sup> & Occidental (SS)

**Statement of Compliance**

The West Valley School District #208 complies with all federal and state rules and regulations and does not discriminate on the basis of race, color, national origin, sex or disability. This holds true for all students who are interested in participating in educational programs and/or extracurricular school activities, and for district employment and opportunities. Inquiries regarding compliance and/or grievance procedures may be directed to the school district's Title IX (RCW 28A.640) Officer and Section 504/ADA Coordinator, John King, 8902 Zier Road, Yakima, WA 98908 (509) 972-6016.

## WV Teachers Make "The Music Man" a Hit!

Most West Valley teachers spend their summers taking continuing education courses, working on their master's degree, traveling, or just relaxing. However, for **Julianne Goberville**, Cottonwood Elementary teacher, **Cathy Kloster**, Wide Hollow music teacher, **Maegan Ley**, WV Middle School music teacher, and **Brandon Lamb**, WV Middle School fine arts teacher, summer has involved over two months of rehearsals and three weeks of performances, all to make the Warehouse Theatre Company's summer musical, "The Music Man," a huge success.

Julianne Goberville first performed on the Warehouse stage in a production of "Oklahoma" in 1987. Since then she's taken on a myriad of WTC roles, both backstage and in front of the footlights. As the musical's director, she's spent over a year and hundreds of volunteer hours to create this classic American musical that boasts a cast of over 40 performers.

Obviously, her involvement with community theatre has been an important part of her life and she only wishes that there was a theatre program at West Valley Junior High and High School, as well.

Another WTC veteran and popular Yakima vocalist is "The Music Man" music director, Cathy Kloster. She uses the same amazing skills onstage to get the large cast harmonizing to perfection as she uses in her Wide Hollow classroom. Also a terrific stage performer, Kloster is probably best known for her signature role as Sister Robert Anne, the street smart nun, in WTC's five productions of "Nunsense". Cathy said, "I feel like working on this

musical has been my summer enrichment. When Julianne twisted my arm to be involved, I watched the movie twice and fell asleep. But seeing it live, I feel like it's the best musical ever."

As matinee idols go, Brandon Lamb's many starring rolls on the WTC stage, including this summer's role as Professor Harold Hill, makes him a shoe-in for the title. Lamb has also directed for WTC. His biggest claim to fame came several years ago when he worked as a cruise director for the Holland American Line, before returning to Yakima and West Valley to teach fine arts.

"The Music Man" marks orchestra director Meagan Ley's WTC debut. She recruited a number of WV student musicians and local professionals to play for the three week run of the show. "The cast is really fun to work with and I was really impressed by their ability to put it all together in such a short period of time," she said. She admits that it takes a lot of intensive work to get the orchestra ready for opening night. "However, if you're crazy about music, like the performers on stage, it all comes together." Ley has recently landed a chair in the Yakima Symphony Orchestra and will have to forego musicals for the meantime.

Besides teachers, the cast featured a number of West Valley students, including **Mekenzie Hitchcock**, **Kyle Hitchcock**, **Calvin Akin**, **Adie Goberville**, **Kayla Packard** and West Valley community members, who all happily dedicated their time and talent to make WTC's "The Music Man" such a big success and West Valley School District proud.

### *Students with Life-Threatening Health Conditions*

Washington State Law (RCW 28A.210.320) and West Valley School District Policy 3415 require that schools must have an emergency care plan in place for every child who has a life-threatening condition. This allows the school to be prepared to help a student if there is an emergency due to his or her medical condition. If a student has asthma or a severe allergy which requires emergency medication, such as an inhaler or EpiPen, an emergency care plan must be completed. Other examples of life-threatening conditions that require an emergency care plan are diabetes, seizures or certain heart conditions. In order for the school to accept medication, a Doctor's order must be in place.

All emergency care plans, doctor's orders and medication **MUST** be in place before the first day of school. Please contact your school nurse if you have any questions.
