

Parent/Guardian Request for Alternative Instructional Materials

In accordance with District Policy/Procedures 2020, parent/guardians may request that students be provided alternative instructional materials to complete class assignments.

The review sheets for instructional materials are available on the district website. Core materials and supplemental materials are recommended by the district's Instructional Materials Committee and approved for use in classrooms by the Board of Directors. Materials may be piloted on a one-year basis upon approval of the Superintendent or designee. It is possible that approved materials may be objectionable to some based on personal opinions, choices and/or religious beliefs.

To request the use of alternative instructional materials, please complete this form and submit it directly to your student's teacher.
