Student Safety Walking, Biking and Riding Buses

A comprehensive school trip safety program shall address school walk routes, bus safety and route plans, vehicle access to the school, circulation and parking at the school, pedestrian circulation on and around the school campus and safety education and enforcement.

A. Safety Advisory Committee

The Superintendent shall establish a Safety Advisory Committee (SAC) to develop a school trip safety program and to review safety concerns. The Superintendent shall develop specific responsibilities and reporting relationships of the committee, including how the SAC relates to individual school safety programs.

B. Bus Safety

The Superintendent shall develop written rules establishing the procedures for bus safety and emergency exit drills and for student conduct while riding on buses. The procedures for bus safety will include rules restricting bus access to students and those persons authorized by the Superintendent and/or his or her designee(s) to ride the bus to and from any school activity.

The bus driver is responsible for the safety of his/her passengers, particularly for those who cross a roadway after leaving the bus. No bus driver shall order or allow a student to disembark at other than his/her customary Boarding or alighting place unless so authorized by the Superintendent. In order to assure the safety of all, the bus driver may hold students accountable for their conduct during the course of transportation and may recommend corrective action against a student. Bus drivers are expressly prohibited from using corporal punishment. Bus drivers are expressly prohibited from allowing anyone to board the bus who is not a student or a person authorized to ride the bus by the Superintendent and/or his or her designee(s).

C. Emergencies

In the event of an accident or other emergency, the bus driver shall follow the emergency procedures in accordance with the School Bus Driver Handbook (SPI). To insure the success of such emergency procedures, each bus driver shall conduct an emergency evacuation drill within the first six weeks of each school semester. The district shall conduct such other drills and procedures as may be necessary.

D. Student Conduct on Buses

The Superintendent shall establish written rules of conduct for students riding school buses. Such rules shall include as a minimum the requirements of WAC 392-145-016 and will be reviewed annually by the Superintendent and revised if necessary. If the rules are substantially revised, they shall be submitted to the Board for approval.

At the beginning of each school year, a copy of the rules of conduct for students riding buses shall be provided to each student who is scheduled to ride a school bus. The classroom teacher and/or bus driver shall review the rules with the students at or near the beginning of each school year. A copy of the rules shall be available upon request at the District office.
